MISS LOIS MARTIN COMING AUGUST 29

TO ASSIST WOMEN IN THEIR CLUB WORK

SPECIALIST IN MILLINERY

To Give Instructions in Twenty-five Different Kinds of Home Projects

Miss Lois Martin of the Extension Division of the University of Missouri will be in Maryville August 29 to conduct a class in millinery for the women in Nodaway County, according to a letter which Roy A. Kinnaird sent out today to twenty-four women's clubs in the county. Mr. Kinnaird said that he did not have a complete list of the womens organizations and if any club did not receive these letters they could have a copy by writing the farm bureau. He is desirous of completing his list and asks that any club which did not receive a copy of his letter would notify him at once.

The letter which was sent out today included fifteen specific lines of work in which the women might secure an instructor through the extension division of the University, cooperating with the farm bureau, to come to this county and give instructions. The classes were listed under four general heads; clothing, home management, food and nutrition, and health and nursing. The subdivisions of these general lines of work were dress forms, millinery, garment making, kitchen arrangement, kitchen equipment, methods of doing house work, renovation of the household furnishings, child feeding projects, food preservation, budget, food selection project, general health talks, home care of the sick, mother and baby, and pre-school and child health conference.

These courses are explained in the letter so that the different women's clubs may select the line of work which is closest related to their club work. Then the matter can be taken up with the farm bureau and definite arrangements made to have a specialist in the work come here and give the instructions.

The general method would be to have two representatives of at least four clubs of the county to meet the instructor at the farm bureau and then take the information back to the clubs.

In several communities the womens clubs have obtained the services of the extension specialists to help them with their problems and have enjoyed the demonstrations and talks which these women have given at the club meetings.

Last year Miss Clark met with the Douglas Home Makers club, the Rockford Community Club, Worth While Club and the C. C. Club of Swallow Dist. Thic spring Miss Rochford was secured to give some demonstrations on the "Care and Renovation of Household Equipment and Furnishings," she met with the members of the C. C. Club of Swallow District, the Rockford Club and the Successful club of near Skidmore.

Mr. Kinnaird has asked that the letters be read at the next meeting of the clubs and that arrangements be made as soon as possible.

PICKENS GETS NEW DODGE MOTOR CAR

TO BE USED TO GET TO COMMUNITY MEETINGS

WORE OUT OWN MACHINE

Business of Organization so Great That It Is Necessary to Have Way of Traveling

George A. Pickens, secretary of the Chamber of Commerce was presented this morning with a brand new Dodge touring car, by a committee composed of Harvey L. Haines and Charles C. Hellmers.

Mr. Haines and Mr. Hellmers conceived the idea sometime ago that Mr. Pickens should have a car of his own. He has been considerably hampered during the past few months by the fact that he had no way to get to the community meetings, except by the liberty of the members in furnishing their motor cars. It was necessary to secure a motor car from a garage for the purpose of taking the dynamo to the meetings and to run it.

The demand for the films is so great that during the school year it is often necessary to make three or four trips a week to the meetings, sometimes to distances twenty-five or thirty miles from Maryville.

Mr. Pickens for three years used his own motor car on his trips and business for the Chamber. He at last wore his own machine out. He had never in any way been re-imbursed for his car and the committee felt it was only fair that he be given another. He will use it, he says, for all the business of the Chamber, wherein a motor car is needed.

Mr. Haine s and Mr. Hellmers raised the money by subscription among the members of the Chamber of Commerce. The doners and the amounts follows:

First National Bank and Gillam-Jackson, Loan and Trust Company—$100.
Farmers Trust Company—$100.

W. O. GARRETT BACK FROM UNVEILING

WAS IN COMMEMORATION OF THE FIRST POLAND-CHINA PEDIGREE.

VISITED MANY FARMS

Thinks This as Good Hog Country as Indiana—Lacks Only in Methods.

W. O. Garrett returned this morning from Ohio, where he attended the unveiling of a monument commemorating the issuance of the first pedigree for Poland-China hogs on the farm of W. C. Hankinson which is located three miles east of Middletown and twenty-five miles east of Dayton, Ohio. Mrs. Hankinson, widow of W. C. Hankinson, who is 88 years old, unveiled the monument.

The monument was imbedded in its face with a bronze tablet which gives the history of the compiling of the first pedigree which was done by Mr. Hankinson and Carl Freigan. It covered a period from 1816 to 1850. The first copy was printed in 1878. The cabin in which the data was collected is back a little ways from the road and is in need of repair. It will be repaired and brought closer to the road and next to the monument.

Mr. Garrett made talks at this meeting. About 1,500 people were present at the unveiling of the monument.

While Mr. Garrett was on his trip he visited many of the important herds of Poland-China hogs in Indiana and Ohio. Among them was the Silverbrook Farm at Munsey, Ind., and what is reputed to be the biggest and finest farms which breed Poland-Chinas, the old Havner estate. There are 2,000 acres in the farm and 560 acres are used for the exclusive use of Poland-China hogs. The farm was just organized for live stock about two years ago and will hold its first sale this year. The concern is also interested in the Guernsey cattle.

Mr. Garrett was well pleased with the work that is being done with Poland-Chinas in Missouri and said that the only difference between this territory and that of Indiana and Ohio is that they are a little more modern and extensive than farmers are in this locality.

Throughout Indiana the farmers divide their farms into fields of five, ten, or fifteen acres for the hogs. They raise hogs on these fields for two or three years and then they break up the fields and put them in a nurse crop for a year or so. This kills the germs which are so harmful to hogs. Oats is usually the crop that is used for this purpose, although sudan grass has recently come into general use. Rape is sometimes used.

Poland-China breeders are proud of their breed of hogs, because it is the only breed which originated in the United States. It was on the farm of Mr. Hankinson where the records began to be compiled. He owned the Harkrader Sow which is the first one for which a pedigree was issued.

Mr. Garrett left last Thursday night and returned last night. He had the distinction of being the visitor coming the farthest distance to attend the unveiling of the monument.

Mrs. Laura Gray Davis Visits Scenes of Childhood After Fifty Years

Mrs. Laura Gray Davis, mother of George Fred Davis, visited yesterday the scene of her childhood, a half-mile west of the Workman Union Chapel, for the first time since her marriage, fifty years ago. She says that she was the second white child born in the vicinity of where the chapel now stands, her brother, Benjamin F. Gray, being the first. She was born May 19, 1854.

The Workman Union Chapel is built in what was known years ago as the Gray grove, which was a part of the farm of William Gray, Mrs. Davis' father. The twenty-first anniversary of the dedication of the chapel was what attracted Mrs. Davis to her childhood scenes.

Mrs. Davis is the youngest of thirteen children, born to Mr. and Mrs. William Gray. Eleven of the children were born in South Carolina and came to this country with their parents. Mrs. Davis and her brother were born at the family home near where the chapel now stands.

Of the thirteen children, eleven married and settled in the vicinity where their parents lived. Mrs. Davis said yesterday that she was the only one left of the thirteen. All the brothers-in-law and sisters-in-law are dead also, with the exception of Mrs. Frances Baker of Omaha.

When Mrs. Davis was married to N. G. M. Davis they went to Lamar station, where they lived for many years. Later when their children were of an age to go to College they moved to Columbia, where several of the children attended the University. Mr. Davis died about a year ago and Mrs. Davis came to Maryville to make her home with her son, George Fred Davis.

LARGE CROWD AT WORKMAN CHAPEL

SPEAKING HELD UNDER TREES IN GROVE

A FINE BASKET DINNER

Several Candidates Spoke—Music by Quartet from College Springs and Local Talent

The twenty-first basket dinner and anniversary of the dedication of the Workman Union Chapel was held yesterday with a large crowd present. People were there from several counties in this section of the state and from Iowa. The good roads and the weather made it possible for most everyone to come who cared to do so.

Owing to the hot day the organ was removed from the church to the grove just west, where a number of seats were erected for the crowd and where a platform was made for the speaker. Those who could not be seated on the benches and improvised seats made themselves comfortable on the grass.

The affair began shortly after 11 o'clock in the morning with a song by the College Springs Odd Fellows quartet, consisting of O. L. Cook, W. E. Stanton, E. R. Prest and W. B. Harper. Following this came an address by Judge John M. Dawson. Judge Dawson condemned the sale of pistols, saying that they were only purchased for the purpose of shooting some human being. Men do not take a pistol when they wish to kill birds or rabbits. He also spoke of the wonderful possibilities of development of a nation through the public schools. He used Germany as an example of what could be done through drilling certain ideas into the minds of the young when they are in school. He said that only the highest type of persons should be allowed to be teachers.

Following Judge Dawson's address came a short talk by Charles F. McCaffrey.

The next thing on the program was the serving of the dinner. A long table had been prepared and on this the contents of numerous baskets was placed. The dinner was an excellent one and no one quit until he had all be could eat. There were a good many sighs when certain individuals discovered that their capacity was exhausted and that so many good things remained uneaten.

The afternoon was spent first in visiting and a social time, followed by speeches by Dr. O. L. Curl, Will Sawyers and the Rev. R. E. Snodgrass.

Music in addition to that furnished by the College Springs quartet was a duet by Irene and Pauline Koger, a duet by Nellie Marion and Eudora Smith, soloes by Mrs. O. L. Curl and a solo by Miss Ornie Blain.

Among the Maryville people who attended the gathering were Dr. and Mrs. O. L. Curl, Mr. and Mrs. Marion Smith and family, Ed Goforth, Mrs. Laura Davis, Charles McCaffrey, Ed Wallace, Miss Mary Rogers, Mr. and Mrs. Dan Baker and Richard Baker, Mrs. L. P. Colvin, E. W. Willoughby and son, Vodre, the Rec. R. E. Snodgrass, Marvin H. Crawford, Eugene Rathbun and son Virgil Rathbun,

Candidates for county offices were much in evidence at the gathering and voters had an opportunity of meeting with them and sizing them up.

The chairman at the speaking was Irwin Peery. Mr. Peery also had charge of the arrangements for the gathering.

BARBER LAND PURCHASED BY TRUSTEE FOR CREDITORS

Plan Is to Sell the Tract at Private Sale—Totals 2,080 Acres.

The 2,080 acre tract of the Barbers near Skidmore was sold Saturday at trustee's sale to George Robb Ellison, trustee for secured creditors, at a price slightly less than $100 an acre. The tract was sold by dividing it into smaller tracts and the entire bid of Mr. Ellison amounted to $20,500, subject to a first mortgage of about $190,000.

The sale was to have been held a month ago, but due to the fact that John Barber, who went into bankruptcy court, had a temporary injunction issued, the sale was held up. At a hearing of the injunction before the referee in bankruptcy, the injunction was dissolved.

It is the plan now to sell this tract of land at private sale for the benefit of creditors.

PLAYED SEVERAL GAMES YESTERDAY

BURLINGTON JUNCTION BEAT THE WHITE STARS.

WILCOX LOST TO HOPKINS

Ross of Ravenwood Struck Out Nine Men and Bailes of Conception Seven.

In spite of the fact that it was a hot afternoon a number of baseball games were played yesterday afternoon in the country.

Wilcox lost a swat fest to Hopkins at Wilcox by a score of 7 to 12. Although many errors were made by both teams the game was much better than the score indicates. The feature was a series of home runs, each team tallying three circuit clouts.

The batteries were: Hopkins—Dixon, Cunning and Turner: Wilcox — Phipps, Brennan and Tobin. The game was fast and exciting until the fourth inning. At the beginning of this frame the score stood 1 to 1. Then the hitting started and the rest was a run game. Four balls were hit so far that they were never recovered.

A large crowd witnessed the game. Next Sunday Wilcox will play at Stanberry and Hopkins will be the hosts of Ravenwood.

Burlington Junction pounded out a 8 to 1 victory over the local White Stars at Burlington Junction. The Junction team clearly outplayed its opponents. The batteries were: Burlington Junction—Monk and Hagey; White Stars—Conley, Still and Mayes

The Wilcox second team went to Ravenwood and easily won from the Ravenwood second team by a score of 21 to 7. Next Sunday the Wilcox seconds will play the Arkoe team at Wilcox.

Ravenwood lost to Conception by a score of 2 to 4. The game was a pitchers battle. Bailes of Conception struck out seven men and Ross of Ravenwood retired nine batters via the three strike route. A large crowd witnessed the game.

The batteries were: Ravenwood—Ross and Bishop; Conception—Bailes and Goleman.

Ravenwood plays at Hopkins next Sunday.

At Bolckow the Bolckow team defeated the St. Joseph Noyes Normans by a score of 7 to 2. Bolckow has a good team and the game was a clean, interesting one. A sign at the field said "No Swearing or Gambling" and the rule was carried out. The team received good support. A long line of motor cars, filled with fans, were drawn up about the diamond. The St. Joseph boys complimented the Bolckow team and the Bolckow people on the kind treatment they received. Bolckow took the lead early in the game and held it throughout. The feature of the game was a long home run drive to center field by Duke of Bolckow during the eighth inning. Dougan and Harry Messick were the battery for Bolckow, with Thompson replacing Dougan at the box in the last two innings. Dougan pitched well and Thompson finished the game well. The line up was:

REV. W. A. CHAPMAN KILLED BY TRAIN

STRUCK THIS MORNING NEAR ROSENDALE

WAS IN HIS MOTOR CAR

A Popular Minister of the Christian Church—Moved Recently from Pickering

The Rev. W. A. Chapman, who recently moved from Pickering to Rosendale, was instantly killed about 10:50 o'clock this morning when he was struck by Burlington passenger train number 4, which is due in Maryville at 11:51, at the crossing near Fairview Church, two and one-half miles south of Rosendale. Mr. Chapman was driving his car east and, it is supposed, for some reason he did not see or hear the train. The engineer did not see him until it was too late. The train struck the car practically in the center and carried the body of Mr. Chapman about a quarter of a mile before it stopped.

Mr. Chapman's head was badly crushed and the body was so mangled that he could hardly be recognized, according to reports of people who saw the body shortly after the accident. His arms were scratched and torn, one shoe was completely torn off of the foot and the hose and instep of the other foot was cut.

The car was picked up on the cowcatcher of the engine and carried down the track and across a rail road bridge, approximately 50 feet long. When the train was stopped the car dropped off the enjine and Mr. Chapman was lying in the seat. Remnants of the car were left on the engin and a steel plate about one-fourth or one-half inch thick was broken.

When the train stopped and the body was taken from the car, the coroner and undertaker of Savannah were notified. The body was taken on the train and carried into Rosendale and left at the depot.

Mr. Chapman had lived at Pickering for the past three years and was pastor of the Christian Church. About three weeks ago he moved to Rosendale and was preaching there half time and giving the other half of his time to the Fairview church. He had preached at Fairview last night and was returning to his home this morning when he was hit by the train.

His pouplarity in his work is shown by the way people speak of him. Persons who mention the accident say that he was one of the best known ministers in this section of Missouri and have emphasized his activities in marriages and funerals.

He is survived by a wife, Mrs. Nellie Chapman; one brother, Joseph Chapman of St. Joseph, and nine children as follows:

Mrs. O. H. Spicer of Guilford, Mrs. Edith Shunk of Fillmore, Mrs. William Housman of Savannah, Mrs. Jessie Smith of Burlington Junction; Mrs. Cora Brown of St. Joseph, Edward Chapman of Oklahoma; Charlie Chapman of Wyoming, Robert Chapman of Colorado and William A. Chapman, Jr., of Sheridan.

Mr. Chapman occupied the Christian Church pulpit at Pickering a week ago yesterday.

A committee from the Mt. Ayr M. E. Three Organizations Combine Efforts for First Time in Making Request.

Washington, June 19. — President Harding was asked today to take steps to end the coal strike in a joint appeal presented by the federated council of churches, the National Catholic Welfare Council and the central conference of American rabbis. It is said this is the first time the three creeds have united in taking action in an industrial controversy.

COUNTRY CLUB PRACTICALLY AT THE 100 MARK

Ninety Had Been Secured at Noon Today—Other Ten to be Placed.

The membership drive for 100 new members for the Maryville Country Club is practically over the top. Ninety memberships had been secured at noon today and the other ten were to be placed to people in the county outside of Maryville. If these ten memberships are not secured by Wednesday night, then the Maryville people who filed their applications for membership with E. C. Curfman, secretary of the committee, will be taken care of as long as there are any left.

The club is to limit the membership to 200 members, including those who were in before the campaign began. As soon as the drive is over, efforts will then be made to either purchase the grounds where the club now is or some other site.

STAR HAS PICTURE OF THE REV. S. D. HARKNESS' CHURCH

New Structure for Kansas City to Cost Approximately $75,000—Organized in 1907.

In yesterday's Kansas City Star appeared a picture of the addition to be built to the Immanuel Presbyterian Church of Kansas City, of which the Rev. S. D. Harkness, a former pastor of the Presbyterian Church of Maryville, is now pastor.

Work on building the addition will start October 1. The new structure will cost approximately $75,000. It will be built of native stone along the lines of the English country churches. The church was organized in 1907 with twenty-four charter members. The membership now is 676. In addition to its local activities the church supports a foreign missionary in Teheran, Persia. The new building, in addition to affording a large auditorium, will make adequate provision for the Sunday school work and the social life of the church.

METHODISTS HERE TO CO-OPERATE IN EVANGELISM

The official board of the First Methodist Episcopal Church at its meeting last night voted to co-operate in the general movement in Methodism for evangelism. The same plan that the church uses in the securing of funds is to be used in the winning of souls, as it is put. The members of the church are to be divided into groups for the purpose of getting in touch with people. October is the month during which this work of grouping is to be carried on. During November the groups will do their work. The Rev. Ernest Snider of St. Joseph, district superintendent, was present at the meeting. He spoke at the church services last night.

FINALS IN GIRL'S TENNIS TOURNEY THIS AFTERNOON

Lethel Garten and Wave Hulet to Compete—Garten Has Slight Edge on Opponent

The finals in the girls singles tennis tournament at the State Teachers College will be played this afternoon between Lethel Garten and Wave Hulet. The match was to have been played the latter part of last week but owing to the extreme heat it was postponed.

The match promises to be fast and the edge if there be any, is with Miss Garten. She is fast, has a good serve and her backhand is better than that of her opponent. Miss Hulet is a more experienced player but she has too many net kills. Her returns are generally too hard but when she places them it is almost impossible to return them.

The match will be refereed by Miss Mary MacLeod of the physical education department.

A girls doubles tournament will start at the college some time this week.

John Kennedy, Ira Keever and John Heckin of Parnell were transacting business in Maryville this morning.

D. V. B. S. OPENS WITH 85 THIS MORNING

There are Four Departments Under Competent Instructors From Maryville.

The Daily Vacation Bible School started off in fine shape with eighty-five enrolled this morning, and others to enroll later. The Maryville High School building was a busy place after 9 o'clock, getting all the children enrolled. Almost a full program was carried through, however.

After the dismissal at 11:30 o'clock the workers met and with the enrollment cards divided the school into grades and got more definitely organized. There are four departments.

The kindergarten is in charge of Miss Halcyon Hooker. It is for the four and five year olds. They have a separate room and special program of their own. Helpers in this department include Lucille Gaugh, Stella Pettigrew, Velma Neal.

The primary department cares for those 6, 7 and 8 years old. The workers are Miss Mary Sawyers, Miss Lula May Curfman, Miss Margaret Louise Hosmer and Miss Louise Peery.

The junior department consists of the 9, 10 and 11 year old boys and girls. Miss Edna O'Neal, Miss Ruth Bookman and Miss Lucy Allen are the workers.

The intermediate department is for those 12, 13 and 14 years old. Mrs. Bert Cooper teaches this group.

Miss Lois Halley is outlining the craft work for the girls, and this morning they got started with some sewing work. Interesting things are planned. The boys are under the care of the Rev. S. P. Allison during the craft period. Mr. Allison is the general superintendent of the school, with assistants in each department.

Miss Mary MacLeod and a group of helpers from her classes in physical education at the College has charge of the recreational program and of the health habit talks.

Enrollment can continue any time up to the last week of the school, but parents should enroll the children as soon as possible.

DROVE TO BARNARD TO SEE DREDGE BOAT WORK

Two carloads of Maryville people motored to Barnard this morning to see the dredgeboat at that place work. Those who went are: Mrs. Steve Roach and Gordon, Mr. and Mrs. I. E. Tulloch and daughter, Virginia and son Stewart, and Miss Fontella Smith.

Mrs. Leslie Roberts and children, Billy and Martha Jane, returned from Des Moines yesterday evening where they have visited the past ten days with Mrs. Roberts parents, Mr. and Mrs. G. W. Heggenberger.

Mayor Robinson Up Town.

For the first time since May 31, Mayor F. P. Robinson was at the city hall this morning. He stayed about thirty minutes and then returned home. His nineteen days of illness have taken considerable of color out of his cheeks and he has lost some flesh. He says that he will not be back for work for several days yet.

Good Rains Reported.

Reports from Parnell and Ravenwood tend to show that both places had good rains last night. About 10 o'clock there was a heavy rain, the water came down in torrents and then about 12 o'clock there was another good shower. So far as known there was not any damage done by the heavy rain.

Fred Lemon of Fillmore, is transacting business in Maryville today.

MISS LOIS MARTIN COMING AUGUST 29

TO ASSIST WOMEN IN THEIR CLUB WORK

SPECIALIST IN MILLINERY

To Give Instructions in Twenty-five Different Kinds of Home Projects

Miss Lois Martin of the Extension Division of the University of Missouri will be in Maryville August 29 to conduct a class in millinery for the women in Nodaway County, according to a letter which Roy A. Kinnaird sent out today to twenty-four women's clubs in the county. Mr. Kinnaird said that he did not have a complete list of the womens organizations and if any club did not receive these letters they could have a copy by writing the farm bureau. He is desirous of completing his list and asks that any club which did not receive a copy of his letter would notify him at once.

The letter which was sent out today included fifteen specific lines of work in which the women might secure an instructor through the extension division of the University, cooperating with the farm bureau, to come to this county and give instructions. The classes were listed under four general heads; clothing, home management, food and nutrition, and health and nursing. The subdivisions of these general lines of work were dress forms, millinery, garment making, kitchen arrangement, kitchen equipment, methods of doing house work, renovation of the household furnishings, child feeding projects, food preservation, budget, food selection project, general health talks, home care of the sick, mother and baby, and pre-school and child health conference.

These courses are explained in the letter so that the different women's clubs may select the line of work which is closest related to their club work. Then the matter can be taken up with the farm bureau and definite arrangements made to have a specialist in the work come here and give the instructions.

The general method would be to have two representatives of at least four clubs of the county to meet the instructor at the farm bureau and then take the information back to the clubs.

In several communities the womens clubs have obtained the services of the extension specialists to help them with their problems and have enjoyed the demonstrations and talks which these women have given at the club meetings.

Last year Miss Clark met with the Douglas Home Makers club, the Rockford Community Club, Worth While Club and the C. C. Club of Swallow Dist. Thic spring Miss Rochford was secured to give some demonstrations on the "Care and Renovation of Household Equipment and Furnishings," she met with the members of the C. C. Club of Swallow District, the Rockford Club and the Successful club of near Skidmore.

Mr. Kinnaird has asked that the letters be read at the next meeting of the clubs and that arrangements be made as soon as possible.

PICKENS GETS NEW DODGE MOTOR CAR

TO BE USED TO GET TO COMMUNITY MEETINGS

WORE OUT OWN MACHINE

Business of Organization so Great That It Is Necessary to Have Way of Traveling

George A. Pickens, secretary of the Chamber of Commerce was presented this morning with a brand new Dodge touring car, by a committee composed of Harvey L. Haines and Charles C. Hellmers.

Mr. Haines and Mr. Hellmers conceived the idea sometime ago that Mr. Pickens should have a car of his own. He has been considerably hampered during the past few months by the fact that he had no way to get to the community meetings, except by the liberty of the members in furnishing their motor cars. It was necessary to secure a motor car from a garage for the purpose of taking the dynamo to the meetings and to run it.

The demand for the films is so great that during the school year it is often necessary to make three or four trips a week to the meetings, sometimes to distances twenty-five or thirty miles from Maryville.

Mr. Pickens for three years used his own motor car on his trips and business for the Chamber. He at last wore his own machine out. He had never in any way been reimbursed for his car and the committee felt it was only fair that he be given another. He will use it, he says, for all the business of the Chamber, wherein a motor car is needed.

Mr. Haines and Mr. Hellmers raised the money by subscription among the members of the Chamber of Commerce. The doners and the amounts follows:

First National Bank and Gillam-Jackson, Loan and Trust Company—$100.
Farmers Trust Company—$100.

W. O. GARRETT BACK FROM UNVEILING

WAS IN COMMEMORATION OF THE FIRST POLAND-CHINA PEDIGREE.

VISITED MANY FARMS

Thinks This as Good Hog Country as Indiana—Lacks Only in Methods.

W. O. Garrett returned this morning from Ohio, where he attended the unveiling of a monument commemorating the issuance of the first pedigree for Poland-China hogs on the farm of W. C. Hankinson which is located three miles east of Middletown and twenty-five miles east of Dayton, Ohio. Mrs. Hankinson, widow of W. C. Hankinson, who is 88 years old, unveiled the monument.

The monument was imbedded in its face with a bronze tablet which gives the history of the compiling of the first pedigree which was done by Mr. Hankinson and Carl Freigan. It covered a period from 1816 to 1850. The first copy was printed in 1878. The cabin in which the data was collected is back a little ways from the road and is in need of repair. It will be repaired and brought closer to the road and next to the monument.

Mr. Garrett made talks at this meeting. About 1,500 people were present at the unveiling of the monument.

While Mr. Garrett was on his trip he visited many of the important herds of Poland-China hogs in Indiana and Ohio. Among them was the Silverbrook Farm at Munsey, Ind., and what is reputed to be the biggest and finest farms which breed Poland-Chinas, the old Hayner estate. There are 2,000 acres in the farm and 560 acres are used for the exclusive use of Poland-China hogs. The farm was just organized for live stock about two years ago and will hold its first sale this year. The concern is also interested in the Guernsey cattle.

Mr. Garrett was well pleased with the work that is being done with Poland-Chinas in Missouri and said that the only difference between this territory and that of Indiana and Ohio is that they are a little more modern and extensive than farmers are in this locality.

Throughout Indiana the farmers divide their farms into fields of five, ten, or fifteen acres for the hogs. They raise hogs on these fields for two or three years and then they break up the fields and put them in a nurse crop for a year or so. This kills the germs which are so harmful to hogs. Oats is usually the crop that is used for this purpose, although sudan grass has recently come into general use. Rape is sometimes used.

Poland-China breeders are proud of their breed of hogs, because it is the only breed which originated in the United States. It was on the farm of Mr. Hankinson where the records began to be compiled. He owned the Harkrader Sow which is the first one for which a pedigree was issued.

Mr. Garrett left last Thursday night and returned last night. He had the distinction of being the visitor coming the farthest distance to attend the unveiling of the monument.

Visiting in St. Joseph

Mrs. Laura Gray Davis Visits Scenes of Childhood After Fifty Years

Mrs. Laura Gray Davis, mother of George Fred Davis, visited yesterday the scene of her childhood, a half-mile west of the Workman Union Chapel, for the first time since her marriage, fifty years ago. She says that she was the second white child born in the vicinity of where the chapel now stands, her brother, Benjamin F. Gray, being the first. She was born May 19, 1854.

The Workman Union Chapel is built in what was known years ago as the Gray grove, which was a part of the farm of William Gray, Mrs. Davis' father. The twenty-first anniversary of the dedication of the chapel was what attracted Mrs. Davis to her childhood scenes.

Mrs. Davis is the youngest of thirteen children, born to Mr. and Mrs. William Gray. Eleven of the children were born in South Carolina and came to this country with their parents. Mrs. Davis and her brother were born at the family home near where the chapel now stands.

Of the thirteen children, eleven married and settled in the vicinity where their parents lived. Mrs. Davis said yesterday that she was the only one left of the thirteen. All the brothers-in-law and sisters-in-law are dead also, with the exception of Mrs. Frances Baker of Omaha.

When Mrs. Davis was married to N. G. M. Davis they went to Lamar station, where they lived for many years. Later when their children were of an age to go to College they moved to Columbia, where several of the children attended the University. Mr. Davis died about a year ago and Mrs. Davis came to Maryville to make her home with her son, George Fred Davis.

LARGE CROWD AT WORKMAN CHAPEL

SPEAKING HELD UNDER TREES IN GROVE

A FINE BASKET DINNER

Several Candidates Spoke—Music by Quartet from College Springs and Local Talent

The twenty-first basket dinner and anniversary of the dedication of the Workman Union Chapel was held yesterday with a large crowd present. People were there from several counties in this section of the state and from Iowa. The good roads and the weather made it possible for most everyone to come who cared to do so.

Owing to the hot day the organ was removed from the church to the grove just west, where a number of seats were erected for the crowd and where a platform was made for the speaker. Those who could not be seated on the benches and improvised seats made themselves comfortable on the grass.

The affair began shortly after 11 o'clock in the morning with a song by the College Springs Odd Fellows quartet, consisting of O. L. Cook, W. E. Stanton, E. R. Prest and W. B. Harper. Following this came an address by Judge John M. Dawson. Judge Dawson condemned the sale of pistols, saying that they were only purchased for the purpose of shooting some human being. Men do not take a pistol when they wish to kill birds or rabbits. He also spoke of the wonderful possibilities of development of a nation through the public schools. He used Germany as an example of what could be done through drilling certain ideas into the minds of the young when they are in school. He said that only the highest type of persons should be allowed to be teachers.

Following Judge Dawson's address came a short talk by Charles F. McCaffrey.

The next thing on the program was the serving of the dinner. A long table had been prepared and on this the contents of numerous baskets was placed. The dinner was an excellent one and no one quit until he had all he could eat. There were a good many sighs when certain individuals discovered that their capacity was exhausted and that so many good things remained uneaten.

The afternoon was spent first in visiting and a social time, followed by speeches by Dr. O. L. Curl, Will Sawyers and the Rev. R. E. Snodgrass.

Music in addition to that furnished by the College Springs quartet was a duet by Irene and Pauline Koger, a duet by Nellie Marion and Eudora Smith, soloes by Mrs. O. L. Curl and a solo by Miss Ornie Blain.

Among the Maryville people who attended the gathering were Dr. and Mrs. O. L. Curl, Mr. and Mrs. Marion Smith and family, Ed Goforth, Mrs. Laura Davis, Charles McCaffrey, Ed Wallace, Miss Mary Rogers, Mr. and Mrs. Dan Baker and Richard Baker, Mrs. L. P. Colvin, E. W. Willoughby and son, Vodre, the Rec. R. E. Snodgrass, Marvin H. Crawford, Eugene Rathbun and son Virgil Rathbun.

Candidates for county offices were much in evidence at the gathering and voters had an opportunity of meeting with them and sizing them up.

The chairman at the speaking was Irwin Peery. Mr. Peery also had charge of the arrangements for the gathering.

BARBER LAND PURCHASED BY TRUSTEE FOR CREDITORS

Plan Is to Sell the Tract at Private Sale—Totals 2,080 Acres.

The 2,080 acre tract of the Barbers near Skidmore was sold Saturday at trustee's sale to George Robb Ellison, trustee for secured creditors, at a price slightly less than $100 an acre. The tract was sold by dividing it into smaller tracts and the entire bid of Mr. Ellison amounted to $20,500, subject to a first mortgage of about $190,000.

The sale was to have been held a month ago, but due to the fact that John Barber, who went into bankruptcy court, had a temporary injunction issued, the sale was held up. At a hearing of the injunction before the referee in bankruptcy, the injunction was dissolved.

It is the plan now to sell this tract of land at private sale for the benefit of creditors.

PLAYED SEVERAL GAMES YESTERDAY

BURLINGTON JUNCTION BEAT THE WHITE STARS.

WILCOX LOST TO HOPKINS

Ross of Ravenwood Struck Out Nine Men and Bailes of Conception Seven.

In spite of the fact that it was a hot afternoon a number of baseball games were played yesterday afternoon in the country.

Wilcox lost a swat fest to Hopkins at Wilcox by a score of 7 to 12. Although many errors were made by both teams the game was much better than the score indicates. The feature was a series of home runs, each team tallying three circuit clouts.

The batteries were: Hopkins—Dixon, Cunning and Turner: Wilcox—Phipps, Brennan and Tobin. The game was fast and exciting until the fourth inning. At the beginning of this frame the score stood 1 to 1. Then the hitting started and the rest was a run game. Four balls were hit so far that they were never recovered.

A large crowd witnessed the game. Next Sunday Wilcox will play at Stanberry and Hopkins will be the hosts of Ravenwood.

Burlington Junction pounded out a 8 to 1 victory over the local White Stars at Burlington Junction. The Junction team clearly outplayed its opponents. The batteries were: Burlington Junction—Monk and Hagey; White Stars—Conley, Still and Mayes

The Wilcox second team went to Ravenwood and easily won from the Ravenwood second team by a score of 21 to 7. Next Sunday the Wilcox seconds will play the Arkoe team at Wilcox.

Ravenwood lost to Conception by a score of 2 to 4. The game was a pitchers battle. Bailes of Conception struck out seven men and Ross of Ravenwood retired nine batters via the three strike route. A large crowd witnessed the game.

The batteries were: Ravenwood—Ross and Bishop; Conception—Bailes and Goleman.

Ravenwood plays at Hopkins next Sunday.

At Bolckow the Bolckow team defeated the St. Joseph Noyes Normans by a score of 7 to 2. Bolckow has a good team and the game was a clean, interesting one. A sign at the field said "No Swearing or Gambling" and the rule was carried out. The team received good support. A long line of motor cars, filled with fans, were drawn up about the diamond. The St. Joseph boys complimented the Bolckow team and the Bolckow people on the kind treatment they received. Bolckow took the lead early in the game and held it throughout. The feature of the game was a long home run drive to center field by Duke of Bolckow during the eighth inning. Dougan and Harry Messick were the battery for Bolckow, with Thompson replacing Dougan at the box in the last two innings. Dougan pitched well and Thompson finished the game well. The line up was:

Bolckow—Harry Messick, c; Dougan and Thompson, p; Strater, 1b; Duke, ss; Messick, 2d; Duke, 3d; Davis, rf; Price, cf; Sharp, lf.

Noyes Normans—Walsh, c; Rebholtz, p; Teson, 1b; Berry, ss; Hogan, 2b; Joiner, 3b; Mollus, rf; Hodge, cf; Hathaway, lf.

REV. W. A. CHAPMAN KILLED BY TRAIN

STRUCK THIS MORNING NEAR ROSENDALE

WAS IN HIS MOTOR CAR

A Popular Minister of the Christian Church—Moved Recently from Pickering

The Rev. W. A. Chapman, who recently moved from Pickering to Rosendale, was instantly killed about 10:50 o'clock this morning when he was struck by Burlington passenger train number 4, which is due in Maryville at 11:51, at the crossing near Fairview Church, two and one-half miles south of Rosendale. Mr. Chapman was driving his car east and, it is supposed, for some reason he did not see or hear the train. The engineer did not see him until it was too late. The train struck the car practically in the center and carried the body of Mr. Chapman about a quarter of a mile before it stopped.

Mr. Chapman's head was badly crushed and the body was so mangled that he could hardly be recognized, according to reports of people who saw the body shortly after the accident. His arms were scratched and torn, one shoe was completely torn off of the foot and the hose and instep of the other foot was cut.

The car was picked up on the cowcatcher of the engine and carried down the track and across a rail road bridge, approximately 50 feet long. When the train was stopped the car dropped off the enjine and Mr. Chapman was lying in the seat. Remnants of the car were left on the engin and a steel plate about one-fourth or one-half inch thick was broken.

When the train stopped and the body was taken from the car, the coroner and undertaker of Savannah were notified. The body was taken on the train and carried into Rosendale and left at the depot.

Mr. Chapman had lived at Pickering for the past three years and was pastor of the Christian Church. About three weeks ago he moved to Rosendale and was preaching there half time and giving the other half of his time to the Fairview church. He had preached at Fairview last night and was returning to his home this morning when he was hit by the train.

His pouplarity in his work is shown by the way people speak of him. Persons who mention the accident say that he was one of the best known ministers in this section of Missouri and have emphasized his activities in marriages and funerals.

He is survived by a wife, Mrs. Nellie Chapman; one brother, Joseph Chapman of St. Joseph, and nine children as follows:

Mrs. O. H. Spicer of Guilford, Mrs. Edith Shunk of Fillmore, Mrs. William Housman of Savannah, Mrs. Jessie Smith of Burlington Junction; Mrs. Cora Brown of St. Joseph, Edward Chapman of Oklahoma; Charlie Chapman of Wyoming, Robert Chapman of Colorado and William A. Chapman, Jr., of Sheridan.

Mr. Chapman occupied the Christian Church pulpit at Pickering a week ago yesterday.

MT. AYR PEOPLE DO NOT WANT CHURCH SOLD

Committee Waited Last Night on Official Board of M. E. Church—Sunday School Established

A committee from the Mt. Ayr M. E. Church waited last night on the official board of the First Methodist Church of Maryville to protest against the order that was made at the Annual Conference last fall for the selling of the Mt. Ayr Church. It was held at the Annual Conference that the Mt. Ayr Church was not in use. Accordingly the official board of the Methodist Episcopal Church here was organized and some good work is being done at the Church. The members do not feel that it should be sold.

The Rev. Ernest Snider of St. Joseph, district superintendent, advised against selling the church if church services are being carried on. Dr. O. L. Curl advised the board not to sell the building until time has been given for the establishment of church services or for getting the church on a circuit.

STAR HAS PICTURE OF THE REV. S. D. HARKNESS' CHURCH

New Structure for Kansas City to Cost Approximately $75,000—Organized in 1907.

In yesterday's Kansas City Star appeared a picture of the addition to be built to the Immanuel Presbyterian Church of Kansas City, of which the Rev. S. D. Harkness, a former pastor of the Presbyterian Church of Maryville, is now pastor.

Work on building the addition will start October 1. The new structure will cost approximately $75,000. It will be built of native stone along the lines of the English country churches. The church was organized in 1907 with twenty-four charter members. The membership now is 676. In addition to its local activities the church supports a foreign missionary in Teheran, Persia. The new building, in addition to affording a large auditorium, will make adequate provision for the Sunday school work and the social life of the church.

METHODISTS HERE TO CO-OPERATE IN EVANGELISM

The official board of the First Methodist Episcopal Church at its meeting last night voted to co-operate in the general movement in Methodism for evangelism. The same plan that the church uses in the securing of funds is to be used in the winning of souls, as it is put. The members of the church are to be divided into groups for the purpose of getting in touch with people. October is the month during which this work of grouping is to be carried on. During November the groups will do their work. The Rev. Ernest Snider of St. Joseph, district superintendent, was present at the meeting. He spoke at the church services last night.

FINALS IN GIRL'S TENNIS TOURNEY THIS AFTERNOON

Lethel Garten and Wave Hulet to Compete—Garten Has Slight Edge on Opponent

The finals in the girls singles tennis tournament at the State Teachers College will be played this afternoon between Lethel Garten and Wave Hulet. The match was to have been played the latter part of last week but owing to the extreme heat it was postponed.

The match promises to be fast and the edge if there be any, is with Miss Garten. She is fast, has a good serve and her backhand is better than that of her opponent. Miss Hulet is a more experienced player but she has too many net kills. Her returns are generally too hard but when she places them it is almost impossible to return them.

The match will be refereed by Miss Mary MacLeod of the physical education department.

A girls doubles tournament will start at the college some time this week.

D. V. B. S. OPENS WITH 85 THIS MORNING

There are Four Departments Under Competent Instructors From Maryville.

The Daily Vacation Bible School started off in fine shape with eighty-five enrolled this morning, and others to enroll later. The Maryville High School building was a busy place after 9 o'clock, getting all the children enrolled. Almost a full program was carried through, however.

After the dismissal at 11:30 o'clock the workers met and with the enrollment cards divided the school into grades and got more definitely organized. There are four departments.

The kindergarten is in charge of Miss Halcyon Hooker. It is for the four and five year olds. They have a separate room and special program of their own. Helpers in this department include Lucille Gaugh, Stella Pettigrew, Velma Neal.

The primary department cares for those 6, 7 and 8 years old. The workers are Miss Mary Sawyers, Miss Lula May Curfman, Miss Margaret Louise Hosmer and Miss Louise Peery.

The junior department consists of the 9, 10 and 11 year old boys and girls. Miss Edna O'Neal, Miss Ruth Bookman and Miss Luey Allen are the workers.

The intermediate department is for those 12, 13 and 14 years old. Mrs. Bert Cooper teaches this group.

Miss Lois Halley is outlining the craft work for the girls, and this morning they got started with some sewing work. Interesting things are planned. The boys are under the care of the Rev. S. P. Allison during the craft period. Mr. Allison is the general superintendent of the school, with assistants in each department.

Miss Mary MacLeod and a group of helpers from her classes in physical education at the College has charge of the recreational program and of the health habit talks.

Enrollment can continue any time up to the last week of the school, but parents should enroll the children as soon as possible.

DROVE TO BARNARD TO SEE DREDGE BOAT WORK

Two carloads of Maryville people motored to Barnard this morning to see the dredgeboat at that place work. Those who went are: Mrs. Steve Roach and Gordon, Mr. and Mrs. I. E. Tulloch and daughter, Virginia and son Stewart, and Miss Fontella Smith.

Mrs. Leslie Roberts and children, Billy and Martha Jane, returned from Des Moines yesterday evening where they have visited the past ten days with Mrs. Roberts parents, Mr. and Mrs. G. W. Heggenberger.

Mayor Robinson Up Town.

For the first time since May 31, Mayor F. P. Robinson was at the city hall this morning. He stayed about thirty minutes and then returned home. His nineteen days of illness have taken considerable of color out of his cheeks and he has lost some flesh. He says that he will not be back for work for several days yet.

Good Rains Reported.

Reports from Parnell and Ravenwood tend to show that both places had good rains last night. About 10 o'clock there was a heavy rain, the water came down in torrents and then about 12 o'clock there was another good shower. So far as known there was not any damage done by the heavy rain.
